

# VISIONS

## **Thank you for your trust in VISIONS.**

It has been our honor to support learning and growth for over 40 years.. Through our training, workshops, and assessments, the VISIONS model serves as a foundation for creating environments where transformational change can take root.

What happens after our formal engagement ends? How can you sustain the progress and hard work you've invested?

We're excited to introduce VISIONS Client Memberships — a new way to have us on retainer for your support to ensure ongoing and continued momentum or, for those new in your community, the ability to “try on” our model.

As a member, your whole team will have access to:

- Expert guidance from our trainers whenever challenges arise
- A supportive community of clients to build relationships, share insights and solutions
- Ongoing learning opportunities for those needing a refresher or an introduction to us for new staff.

Let VISIONS continue to be your partner in creating lasting, equitable change. Contact Kaitlin Robinson at [krobinson@visions-inc.org](mailto:krobinson@visions-inc.org) or call 617-541-4100. Let's continue this vital work together.
